The intent is to accommodate up to four wireless carriers and bring quality voice and data services to an area lacking reliable coverage as the capacity of existing infrastructure in the community is reaching its limit. The land is currently used for agricultural purposes, zoned “A” Agriculture, and with a small portion zoned “C2” Heavy Commercial. The proposed location of the tower is at the northeast corner on an unused portion of the property where the irrigation pivot does not reach, while the remainder of the property would continue to be farmed. Pursuant to Bingham County’s Land Use Chart, a *Telecommunication Tower* shall be permitted with an approved Conditional Use Permit, in this Zoning District, as long as the Applicant complies with the specific design standards and criteria contained in Bingham County Code Section 10-7-35. **Approx. The grant allows the Applicants to house 12-18 participants on the Fort Hall Indian Reservation or Fee Land owned by the Tribe. This use is allowed in a Residential/Agriculture Zone under the *Assisted Living Care Facility/Residential Care* land use pursuant to Section 10-7-9(D)(2) of Bingham County Code.
